Dear HFA Families,

I hope everyone had an enjoyable first two weeks of school! We are looking forward to a great year and I am excited to be part of the HFA community. I wanted to send home some information regarding our new School Information System, RenWeb. RenWeb will be the primary way you access your student's academic information. You will have the ability to access attendance, view grades, check homework assignments, receive notifications from teachers, and receive communications from the school through the parent's portal that you setup.

As we transition to the new system, we are excited about the new capabilities but do need your help with the implementation. I have included instructions on how to gain access to your student's information. We do ask that every student has at least one parent's/guardian's email on file with the school. You will notice when you review the instructions on how to setup your parent portal that the school does need to enter your email into RenWeb prior to your ability to create your parent portal. The step by step instructions should help you setup everything up, but if you have any questions, please let us know.

Sincerely,

Mr. Jason Tribbet  
Principal

Please fill out the form below, detach it and return it to the school by Monday, September 10th.

# Accessing ParentsWeb

**RenWeb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

**RenWeb's ParentsWeb** is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You may view your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Make sure that Holy Family Academy has your email address on file.

- Type the school's **District Code**: HFA-PA
- Click **Create New ParentsWeb Account**.
- Type your email address and click **Create Account**. An email will be sent which includes a link to create your ParentsWeb login. The link is active for 6 hours.

- Select the **Click to Create your ParentsWeb login** link.
- A web browser displays your **Name** and **RenWeb Person ID**.
- Type a **User Name**, **Password**, and **Confirm** the password.
