Re: **School Wide Communication and Notifications through FACTS SIS/Ren Web**

I wanted to communicate to all of our families and school community that will be using FACTS SIS/Ren Web to send out communications starting on **Tuesday, December 3rd**. With this new method of communication, we would need accurate cell phone numbers and email addresses in our system. At the bottom of the page, please include your current cell phone number and email address. If we don't have updated contact information, you would not receive the communications. **We will use this system to communicate school delays/cancellations, emergency notifications, and other school related information that we feel is important to share.**

With that, the K-12 alert system that has been used in the past will be going away starting in December. Our new system allows us to send notifications to the entire school and smaller groups within the school as needed. K-12 alerts does not allow us to do that. Also, communications through FACTS/SIS will be more secure and only go out to our families that have contact information in our system.

Please return to the main office by Friday, November 15th
